

2006-07 **Supplemental** **Salaries**

*PSBA's annual
supplemental salary report*

August 2007

Pennsylvania School Boards Association

The following contains the annual supplemental salary data compiled by PSBA's research department from school district collective bargaining agreements containing salary information for supplemental positions. Not all positions are reported in this special issue, and some have been omitted because of insufficient numbers or space limitations. For information on positions not listed, contact PSBA's research department at (717) 506-2450.

Supplemental Salaries 2006-07

This year, supplemental salaries increased on average 4.5% over the 2005-06 school year, based on 47 of the 48 reported positions. The one position without an increase is noted with NA (not available). Football head coach ranks first in the average salary listing at \$5,525. The mentor teacher for induction program ranked last at \$757. PSBA's research department compiled the annual supplemental salary data from school district collective bargaining agreements containing salary information for supplemental positions.

The figure used in the table that allows districts to compare average supplemental salaries based on the number of pupils within the district is the 2006-07 Average Daily Membership. The coaching assignments or activity advisers with the highest number of reported positions were used in this table.

A comparison was made between 2005-06 and 2006-07, where available. (See special issue, August 2006.) Where a collective bargaining agreement contained a salary range for the position, the highest salary attainable under the schedule was used when no specific salary was designated. No determination was made as to duties, numbers of students involved and time involvement. Most agreements simply state the position name and the amount allocated. Boxed areas in the charts provide a quick reference to the salary distribution having the greatest number of positions.

Not all positions are reported in this issue, and some previously reported positions have been omitted due to insufficient numbers or space limitations. Contact **Anne Herald**, PSBA's research supervisor, at (800) 932-0588, ext. 3364, or anne.herald@psba.org for data on other positions.

Note: Salaries for athletic directors and trainers have not been included in as much as the job description including time allocation and responsibilities are varied. Reporting just salaries found on contractual extracurricular coaching schedules may be misleading for these athletic directors and trainers not paid based on such a schedule.

Rank Order Listing

Extra Compensation Salaries for Selected Positions 2006-07

Rank/Activity	Avg. Salary
1. Football coach (head).....	\$5,525
2. Basketball coach (head girls').....	4,938
